

**Resolution: Motion to Establish a Position on the current state of homelessness in Canada, through medical school curriculum overview and analysis of ground level experiences.**

**Whereas;** 1.7 million people in Canada are in housing need;

**Whereas;** more families, women, and youth are experiencing homelessness in the past, and this poses direct threat to the health of our population;

**Whereas;** the Government of Canada has begun to target efforts towards a federal homelessness housing strategy that will prioritize the most vulnerable Canadians, including those fleeing from violence, veterans, Indigenous peoples, seniors, and those dealing with mental health and addiction issues;

**Whereas;** there are significant obstacles to health access, that must be appropriately addressed in a medical student curriculums and student advocacy;

**BIRT;** should research into the topic and develop a position through formation of a task force, consisting of CFMS members-at-large, officers, and executive members.

**Financial cost (estimate)** \$0

**Source of funding/Line item**

**Level of effort of volunteers/staff 50h.** This team will work on a proposed timeline, through confirmation by CFMS Executive. This timeline will be reviewed by CFMS Executive.

**Moved by:** Karim Mithani (University of Toronto)

**Seconded by:** Syeda Shanza Hashmi (University of Ottawa)
